FINDING YOUR FEET

Engineering and Technology Mentoring Program

Transurban is one of the largest toll road owners and operators in the world. We are an ASX top 20 listed company and have urban toll road networks in Victoria, NSW, Queensland and the USA.

The Transurban Females Excelling in Engineering and Technology (FEET) mentoring program is targeted at high-achieving female students who are either enrolled in a Technology or Engineering degree or who have a genuine interest in learning more about a career in technology or engineering.

The FEET program comprises of 35 contact hours, where students come on site and work closely with a professional from our business. The 35 hours can be completed during an intensive week or broken up over a period of a few weeks, depending on student/mentor commitments.

To take advantage of this mentoring opportunity please apply via the link on our careers site: http://www.transurban.com/opportunities.htm

Applications close on 20 November 2016.
